

**4PGE13**

Gas/Electric  
Packaged Units

ADVANCED HEATING AND COOLING TECHNOLOGY IN AN INCREDIBLE ALL-IN-ONE SOLUTION.

# BUILT FOR LIFE. YOURS.

**AIREASE**<sup>®</sup>

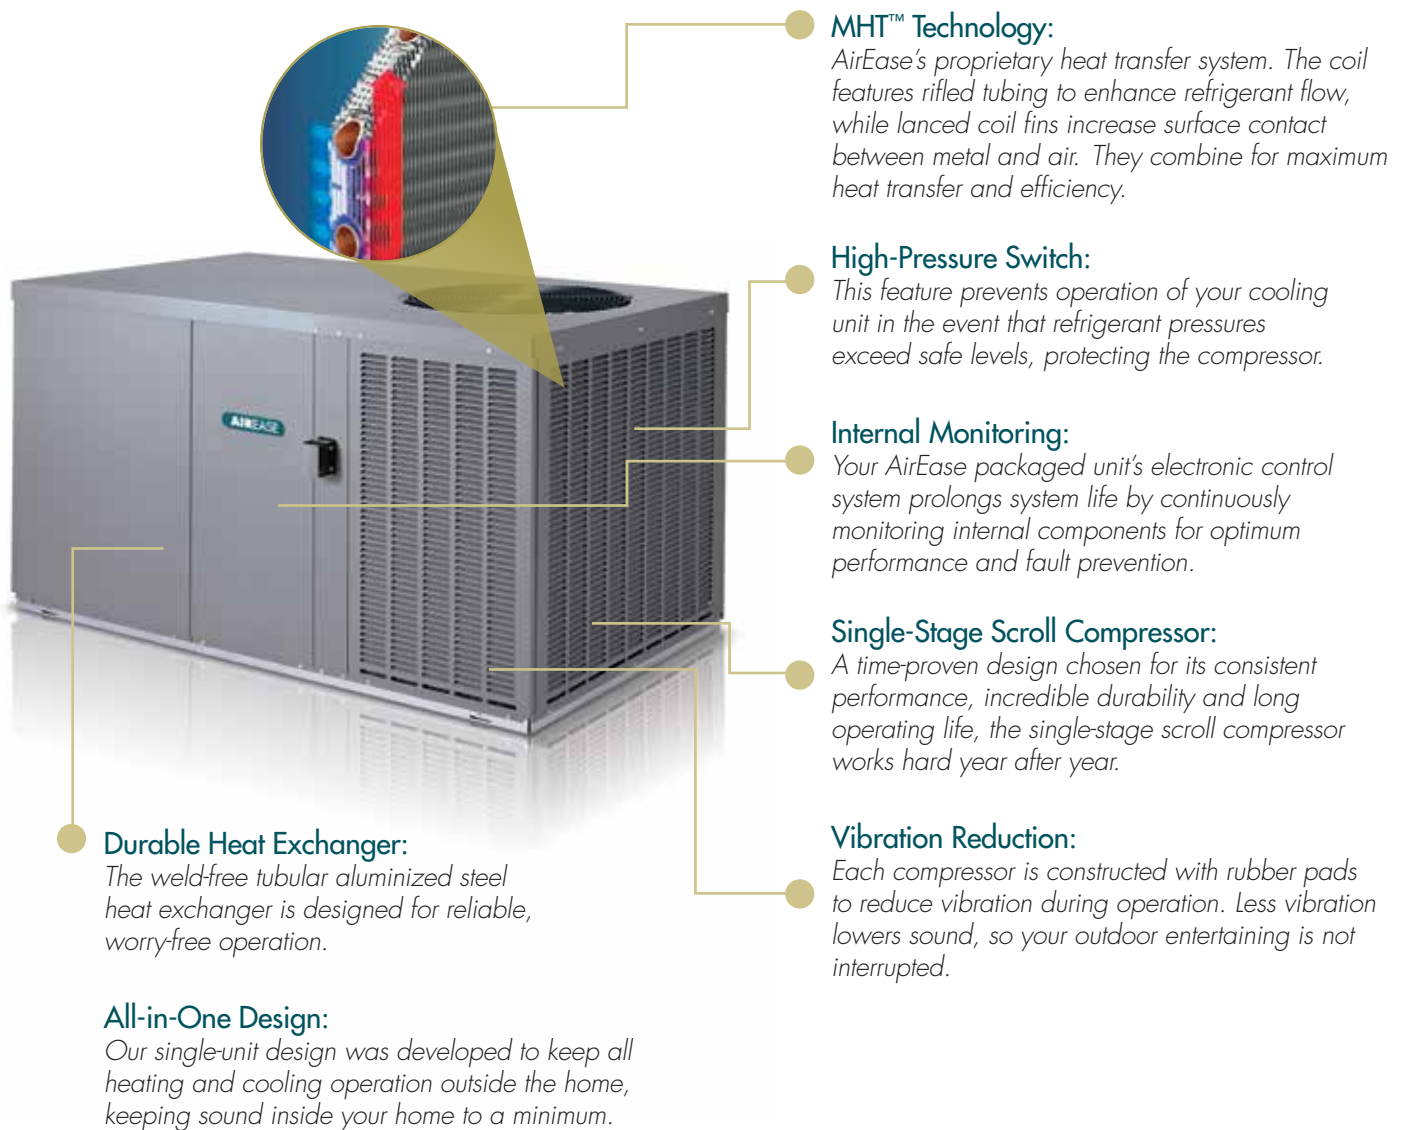

Built for life. Yours.

Choose the convenience  
and performance of AirEase™  
packaged units.

It's hard to beat the incredible combination of advanced technology and consistent operation offered by AirEase **4PGE13** packaged units. Based on thoughtful designs and backed by **80 years of expertise and testing**, AirEase packaged units are chosen time and again by HVAC dealers and homeowners across the country. And that's why you can choose the 4PGE13 with confidence, as well.

## Inside the design of the AirEase 4PGE13 packaged units:

### MHT™ Technology:

AirEase's proprietary heat transfer system. The coil features rifled tubing to enhance refrigerant flow, while lanced coil fins increase surface contact between metal and air. They combine for maximum heat transfer and efficiency.

### High-Pressure Switch:

This feature prevents operation of your cooling unit in the event that refrigerant pressures exceed safe levels, protecting the compressor.

### Internal Monitoring:

Your AirEase packaged unit's electronic control system prolongs system life by continuously monitoring internal components for optimum performance and fault prevention.

### Single-Stage Scroll Compressor:

A time-proven design chosen for its consistent performance, incredible durability and long operating life, the single-stage scroll compressor works hard year after year.

### Vibration Reduction:

Each compressor is constructed with rubber pads to reduce vibration during operation. Less vibration lowers sound, so your outdoor entertaining is not interrupted.

### Durable Heat Exchanger:

The weld-free tubular aluminized steel heat exchanger is designed for reliable, worry-free operation.

### All-in-One Design:

Our single-unit design was developed to keep all heating and cooling operation outside the home, keeping sound inside your home to a minimum.

## The advanced features of the AirEase packaged units work together to bring you:

### CRAFTSMANSHIP

Using only quality materials, every AirEase 4PGE13 packaged unit is engineered with **MHT Technology** and a high-pressure switch to **ensure precise performance and efficiency.**

### EFFICIENCY

**With efficiency ratings of 13.00 SEER in the summer and 80% AFUE in colder months,** every AirEase packaged unit is designed to deliver efficiency that meets or exceeds government standards.

### COMMITMENT

AirEase's dedication to a better product is backed by a Limited Lifetime Warranty on the aluminized steel heat exchanger and a 10-Year Limited Warranty on parts.\*

AirEase™ packaged units exceed the demanding standards of HVAC dealers and homeowners across the country.

### PRECISE PERFORMANCE

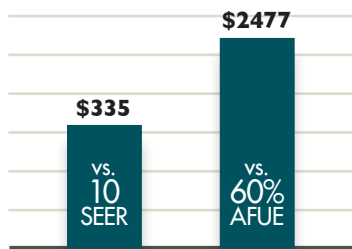

Every AirEase 4PGE13 packaged unit is designed to offer lasting performance without compromise. Advanced MHT™ Technology and high-pressure switch compressor protection combine to provide for reliable performance, making each one a trusted addition to any home, in any climate, while AirEase's lasting reputation for dependable operation means you'll enjoy consistent operation season after season.

### EFFICIENCY

The 4PGE13 gas/electric packaged unit delivers a Seasonal Energy Efficiency Ratio (SEER) of 13.00 in the summer, which is a measure of how efficiently it uses electricity to cool your home. Its Annual Fuel Utilization Efficiency (AFUE) of 80% means it converts a full 80% of its fuel into usable heat when warming your home.

This can add up for substantial savings over older and less-efficient packaged units.

### 5-YEAR ENERGY SAVINGS\*\*

AirEase 4PGE13 packaged units are a consistent choice of professionals. And an excellent choice for you.

When you choose an AirEase **4PGE13** packaged unit, you're choosing the proven expertise and technology that only AirEase offers. And you're choosing to trust the brand that's selected by those who know heating and cooling best. You're choosing the right unit for you and your family. **One that's BUILT FOR LIFE. YOURS.**

**AIREASE**™

Built for life. Yours.
