THE RIGHT CHOICE FOR CONSISTENT COMFORT AND EFFICIENCY.
ENERGY-EFFICIENT COMFORT, RIGHT WHEN YOU NEED IT.

Concord® air handlers make it easy to feel energy-smart and comfortable. Rugged and reliable, they work with your air conditioner or heat pump to deliver high levels of efficiency and temperature control. So you can relax knowing you’re using energy wisely.
SOME DECISIONS ARE TOUGH. THIS ONE ISN’T.

When you consider Concord systems, quality is a given. But you’re also getting great features and smart design that squeeze more comfort out of every energy dollar. And best of all, you get it right now.

Energy-efficient technologies with many advantages.
The BCE3 line of air handlers was created to deliver consistent, even temperatures and lasting energy efficiency. Smart design features like Variable-Speed* and Constant-Torque** motors and a tightly sealed cabinet help maintain your comfort with minimal energy waste.

Cost-saving solutions, ready to work for you.
BCE3 units offer many cost-saving solutions and, when combined with a Concord air conditioner or heat pump, deliver consistent daily energy savings and may qualify for local utility rebates and other energy incentives.

Simple installation makes life easier.
Built with convenience in mind, the air handlers’ quick-install technology streamlines the installation process for immediate comfort.
FULL-FEATURED BCE3 AIR HANDLERS ARE THE RIGHT CHOICE, RIGHT NOW.

When paired with a matching outdoor air conditioner or heat pump, a Concord® air handler can help maximize your comfort and optimize your system's efficiency. Ideal for mild or cooler climates, the Concord family of air handlers keep temperatures, humidity and energy costs in check. So you're always comfortable and energy efficient, too.

Choose from three available models:

**BCE3C** Reliable, PSC motor moves air cost-effectively

**BCE3E** Constant-Torque** motor delivers consistent airflow, lower operating costs and increased system efficiency, which may make the unit eligible for money-saving rebates

**BCE3V** Variable-Speed* motor keeps temperatures and humidity under control, while helping you save money on energy costs

Features (all models):

- Sealed cabinet permits less than 2% air leakage, maximizing the amount of air available to cool your home
- Optional electric heating kits warm the air before it circulates throughout your home
- For AC-only applications, a thermal expansion valve (TXV) option is available for greater energy efficiency
- 10-year limited warranty on the compressor and parts means lasting peace of mind***

*Available on the BCE3V air handler.
**Available on the BCE3E air handler.
***Applies to residential applications only. For terms, conditions and exclusions, see full warranty at alliedair.com.

MAKE THE CONCORD DECISION YOU WON'T REGRET.

When you think about everything Concord delivers, your decision is an easy one. Don’t wait to make your home more comfortable. Year-round efficiency and consistency are right here, and ready to go to work for you.

**Concord. It’s the right choice. Right now.**
